

WANTED:

**RESPONSIBLE, CARING
FOSTER HOMES FOR
ANIMALS LIKE THESE**

Furry Friends Network is not a shelter. Our rescued animals are placed in foster homes while adoptive homes are found. Homeless and unwanted animals continue to occur in unending numbers, so there is always a need for more people to help. Furry Friends Network provides foster homes with total support, including food and medical coverage, training assistance and other educational requirements.

Our Mission

Furry Friends Network is a non profit all-volunteer animal adoption organization. Furry Friends Network is not a shelter, and our animals are placed in foster homes while adoptive homes are found. Furry Friends Network also works to help humans understand the importance of controlling the pet population through spaying and neutering.

The Furry Friends Network philosophy is to help those animals that did not ask to be born and that are often the result of human ignorance. Any animal, no matter its age, can offer love and companionship to the right person. Furry Friends Network finds permanent, indoor homes for these homeless animals, offering them a second chance at having a wonderful life.

How To Adopt

1. Visit www.FurryFriendsNetwork.com to complete an adoption application. An FFN volunteer will review the application and contact you.
2. Your application will be processed and a home visit arranged.
3. If you have not already met the animal, and we believe there is a good match, an appointment will be set up to do so.
4. The final step consists of a contractual agreement between Furry Friends Network and the animal's new family for the duration of the animal's life.
